

# mama's & papa's leaches

**THESE ARE REAL FISH-GETTERS!**

**Custom crafted Super Soft Plastic Baits for smallmouth bass, but effective on all predatory fish. Works great rigged on drop shot or split shot rig. Each leach is impregnated with coffee scent, un-brewed coffee grounds and salt. Each leach is oiled and salted before it is packaged.**

Made in the USA. Hand-poured: actual colors may vary slightly between lots.
